Informed Consent and Disclosure

I hereby request and consent to acupuncture treatment and/or herbal supplement recommendations for me (or my legal charge) provided by Great Wall Chinese Medicine (GWCM). I understand that GWCM will explain all known risks and complications, and I wish to rely on GWCM to exercise judgment during the course of the procedure, which GWCM determines is in my best interest. I may request another person of my choice to be present in the treatment room during the treatment. GWCM has discussed with me the procedures listed below that may be used in my treatment. I have read the information below and understand the possible risk involved. I agree to GWCM's use of this treatment (if indicated).

**Please read and initial each of the following items.*

____ **Acupuncture** is a safe and effective method of treatment. However, it can occasionally cause slight bleeding that usually resolves with pressing dry cotton on the spot where the skin is bleeding. It is also normal for the patient to have a temporary warm, tight, sore or tingling sensation and minor bruising at the acupuncture site.

____ **Acupressure/TuiNa/Manual Therapy** involves rubbing, kneading, pressing, and stroking, etc., which may result in muscle soreness at the massage site that can last several days. This technique may require disrobing. I understand all attempts will be made to assure my privacy.

____ **Indirect Moxibustion** requires burning an herbal material near the skin or on an acupuncture needle. Every precaution is taken to prevent skin contact, but the possibility of skin contact and mild burns exists. GWCM does not allow direct moxibustion where material contacts the skin.

____ **Cupping** involves a localized suction produced by heating a small glass cup. There is a possibility of local bruising from the suction and slight burning or blistering due to the heat involved in the technique.

____ **Scraping/GuaSha** involves scraping over a small area by using a smooth-edged instrument. There is a possibility that local bruising is likely to occur at the site where GuaSha is performed.

____ **Tapping, Plum Blossom, Bleeding, Pricking** all involve multiple needle pricks at a localized site. Slight bleeding and/or bruising at the treatment site are a likely occurrence. Only single-use needles are used in these procedures.

____ **Electrical Stimulation/TENS** uses micro current electricity to stimulate acupuncture points. A mild tingling sensation of electricity will be felt.

____ **Infrared Heat** involves utilizing infrared radiation. It is a safe and medically proven method of healing.

I have read, or have had read to me, the above consent, and have had the opportunity to ask questions and discuss this with GWCM. I consent to the treatment that involves the above procedures for my present condition(s) and any future conditions. I have the right to refuse or discontinue any treatment at any time and understand that this refusal may affect the expected results. **Authorization for Release of Medical Information:** I further understand that GWCM may need to contact my medical physician if and when they have identified that my condition needs to be co-managed with my medical doctors. The conditions that may require co-management include but are not limited to; pregnancy related nausea, pain associated with Multiple Sclerosis, neuromusculoskeletal effects of stroke, pain/nausea related to cancer/tumor, chemotherapy related nausea, Pain/nausea related to AIDS/ARC, pain or nausea related to surgery. This coordination of care intends to manage my health condition in my best interest and assure the optimal outcome of my acupuncture treatments. Therefore, I give my authorization to GWCM to contact my medical physician if/when necessary. **Treatment of Pediatric Patients <3 years:** I understand that treatment of young children has some risk and should be coordinated with the child's physician. If I am signing for my child under the age of eighteen (18), I give my authorization to GWCM to contact my child's medical doctor if/when necessary.
